

UNION THEOLOGICAL SEMINARY
*Application for Approval of Thesis Options for the **Master of Divinity***

In the senior year, the candidate will elect one of the following options (a) six points for a thesis or a senior project or (b) six points from elective courses. The student will declare the option chosen for fulfilling this final six-point requirement below. A thesis or a senior project must be approved by members of the faculty and by the academic dean. ***Please note that your declared Program Focus may recommend a particular option.***

If the thesis option is chosen, the thesis subject must be reported to the registrar by November 22 in the senior year. The student obtains the approval of the faculty member(s) who agree to serve as thesis advisor/first reader and second reader. (A thesis advisor is not necessarily the same professor who serves as the student's program advisor, *but the first reader must be a member of the faculty.*) The thesis will be due on April 10 (or the first business day thereafter).

If the option of a senior project is chosen, the subject and a brief description of the scope of the project must be reported to the registrar by November 22, after it has been approved by the members of the faculty who have agreed to supervise the project. (This faculty approval corresponds to the role of "first reader" and "second reader" in the case of a thesis.) A senior project may invoke a range of possibilities, different from the research essay indicated by the thesis option. (Some examples are art exhibit, performance, play-writing, musical composition.) The idea for, and the shape of, a student's senior project must of course be accepted by the faculty member who agrees to direct the student's work. The requirements of the project, and of the faculty member's expectations of the project, will be established for the individual student's case at that time, but *all senior projects must include a written academic paper of approximately 12-20 pages.* Like the thesis, a senior project must be completed by April 10. At that time it will be evaluated by the faculty supervisors.

It is important to note that by choosing one of the options below, and obtaining the faculty member's signatures, you are committing yourself to your choice. **The registrar cannot allow changes between the three options once this form has been filed with the Registrar's Office.** Therefore, it is important to consider your choices carefully, and in conversation with your faculty advisor, and prospective thesis advisors.

RETURN THIS FORM TO THE REGISTRAR'S OFFICE BY NOVEMBER 22nd.
