

# Subject: CPE at NYP – New York Presbyterian

Good afternoon:

I am the CPE registrar at NewYork-Presbyterian Hospital (NYP). I am writing to inform you of our CPE opportunities.

**NYP is an accredited ACPE System Center with CPE groups and clinical placements at many of our NYP locations.**

**We are accepting applications to our CPE programs that include:**

- **Full-Time 12-Month Residency Program**: This yearlong program begins in August 2023 and ends in August 2024. Applicants must have successfully completed at least one unit of ACPE-accredited CPE. **The priority deadline is December 1st.**
- **Full-Time Summer Unit Internship**: The dates for this full-time 11-week unit are May 22 - August 4, 2023. **The priority deadline is December 1st.**

Our pastoral care team is multi-faith and dynamic, and our educators are seasoned ACPE-certified professionals. NYP chaplains play an essential role in providing for the religious, spiritual, and existential needs of a widely diverse population of patients and families from all religions and cultures.

To apply and for further information, you can visit our website at [Clinical Pastoral Education | NewYork-Presbyterian \(nyp.org\)](https://www.nyp.org/clinical-pastoral-education) and contact me at [cpe@nyp.org](mailto:cpe@nyp.org).

With appreciation,

**Karen Berdecia**
