

**Maimonides Health Chaplaincy Department
is thrilled to announce:**

**A summer intensive program open
to persons of all spiritual traditions!**

Apply today for Clinical Pastoral Education (CPE).

What is Clinical Pastoral Education (CPE)?

People in crisis need comfort, support, counseling, and guidance. Chaplains and other spiritual caregivers are trusted to be a key source of this support.

CPE offers students—seminarians, clergy, and caregiving professionals—intensive training on how to offer spiritual care to people facing extremis.

***A full-time 11-week summer intensive CPE Unit will be offered:
June 5 – August 18.***

Students will complete a total of 400 hours over that time.

Who Can Apply?

The program is open to people of all of traditions, those already serving as clergy in houses of worship and those currently students in Yeshiva, Seminary, Divinity School, etcetera.

Applications are accepted on a rolling basis and are evaluated on a case-by-case basis to determine if this clinical setting is a good match for the student's learning needs.

A tuition of \$650 is due on the first day of the program.

There is no application fee, nor is a deposit required once a person is offered a placement.

By the End of the Program

CPE Students Will Have Gained:

- A deeper awareness of what persons in different situations of extremis need from a spiritual caregiver.
- A fuller knowledge of their own emotional/spiritual biography; specifically the ways one's history helps/hinders one's work as a caregiver.
- Greater confidence and competence to use one's self in different types of spiritual encounters.
